Резюме: Кирпичников Михаил Петрович

Адрес

Федеральное государственное бюджетное учреждение науки Институт биоорганической химии им. академиков М.М. Шемякина и Ю.А. Овчинникова Российской академии наук, Москва, Россия

Контакты

https://www.ibch.ru/ru/users/737

Образование

1969–1972	Россия, Долгопрудный	МФТИ	Аспирант
1969	Россия, Долгопрудный	МФТИ	Студент (специальность «молекулярная биофизика»)

Работа в ИБХ

2017–наст.вр.	Заведующий отделом	
2026–наст.вр.	Главный научный сотрудник	
2018–2022	Главный научный сотрудник	

Членство в советах и комиссиях ИБХ

	Ученый совет
2026–наст.вр.	Аттестационная комиссия

Награды

2017	Орден «За заслуги перед Отечеством» III степени	
2011	Орден «За заслуги перед Отечеством» IV степени	
1998	Орден Почёта	
2006	Орден Дружбы	
1999	Государственная премия в области науки и техники	За работу «Принципы структурной организации белков и их применение к конструированию новых белковых молекул: теория и эксперимент»

2016	Премия РАН имени А.А. Баева	За цикл работ «Рекомбинантные белки как современный инструмент для структурной биологии, биофизики и молекулярной биологии»
2024	Орден Александра Невского	За большой вклад в развитие отечественной науки, многолетнюю плодотворную деятельность и в связи с 300-летием со дня основания Российской академии наук.

Членство в сообществах

1994: член-корреспондент Российской академии наук.

1997: действительный член Российской академии наук.

1999-2008: член Ученого совета ИБХ РАН.

Член Президиума РАН. Член бюро Отделения биологических наук РАН.

Председатель Высшей аттестационной комиссии Министерства образования и науки РФ.

Член Совета РФФИ. Член Совета РГНФ.

1992-2000: заместитель председателя Координационного межведомственного совета по приоритетному направлению "Науки о жизни и биотехнология" при Министерстве науки и технологий РФ и Президиуме РАН (с 1998 г. - Координационный совет по приоритетному направлению “Технология живых систем” при Министерстве науки и технологий РФ).

Член специализированного Ученого совета по защитам докторских диссертаций Института биологии гена РАН.

Член Международной сети по белковой инженерии (INPEC).

Член Совета по поддержке ведущих научных школ Российской Федерации и молодых докторов наук.

Член Межведомственной комиссии по проблемам генно-инженерной деятельности. Член Межведомственного научного совета РАН и РАМН по фундаментальным проблемам медицины.

Главный редактор “Биологического вестника Московского университета”.

Член редколлегии научных журналов “Биоорганическая химия”, “Биотехнология”, “Наука в России”, “Доклады Российской академии наук”.

Степени и звания

1997	Академик
1994	Член-корреспондент РАН
	Профессор
1987	Доктор наук (Биологические науки, 03.00.03 — Молекулярная биология)

Ссылки и контакты

ORCID: 0000-0001-8170-1607, Scopus: 7005699025

Гранты и проекты

2024–наст.вр.	Онкотераностика и проблемы резистентности к противоопухолевым и антибактериальным препаратам
2019–2022	Эпигенетические механизмы биологических процессов и их роль в патогенезе онкологических заболеваний
